TESTIMONIAL ON ANDRE DU PLESSIS

Andre du Plessis tries his utmost to forge amicable relationships with students and colleagues alike. He is very confidential and tries to resolve conflict situations to the best of his ability. He is also very honest and forthright about his beliefs and strives to make learning fun for the students by incorporating the use of technology in his classes in creative ways.

His passion for the incorporation of the latest technology in his classes has also led him to sharing latest innovations with students and staff alike and sharing his expertise with them. He is a very hard working colleague who does his utmost to complete all assigned tasks to the best of his ability.

Andre is honest about his feelings and sincere in his intentions, is open to criticism and also admits if he is wrong. This enables him to grow as an individual and to reflect on his experiences and actions.

As a goal directed colleague, he works hard for success in all his projects and undertakings.
